URBAN GROWTH FRAMEWORK

The Victorian Government Planning Authority (VPA) in conjunction with the Moorabool Shire (Council) prepared the Bacchus Marsh Urban Growth Framework (BMUGF), which was approved by the Minister for Planning in November 2018.

There are 4 growth areas outlined in this framework:

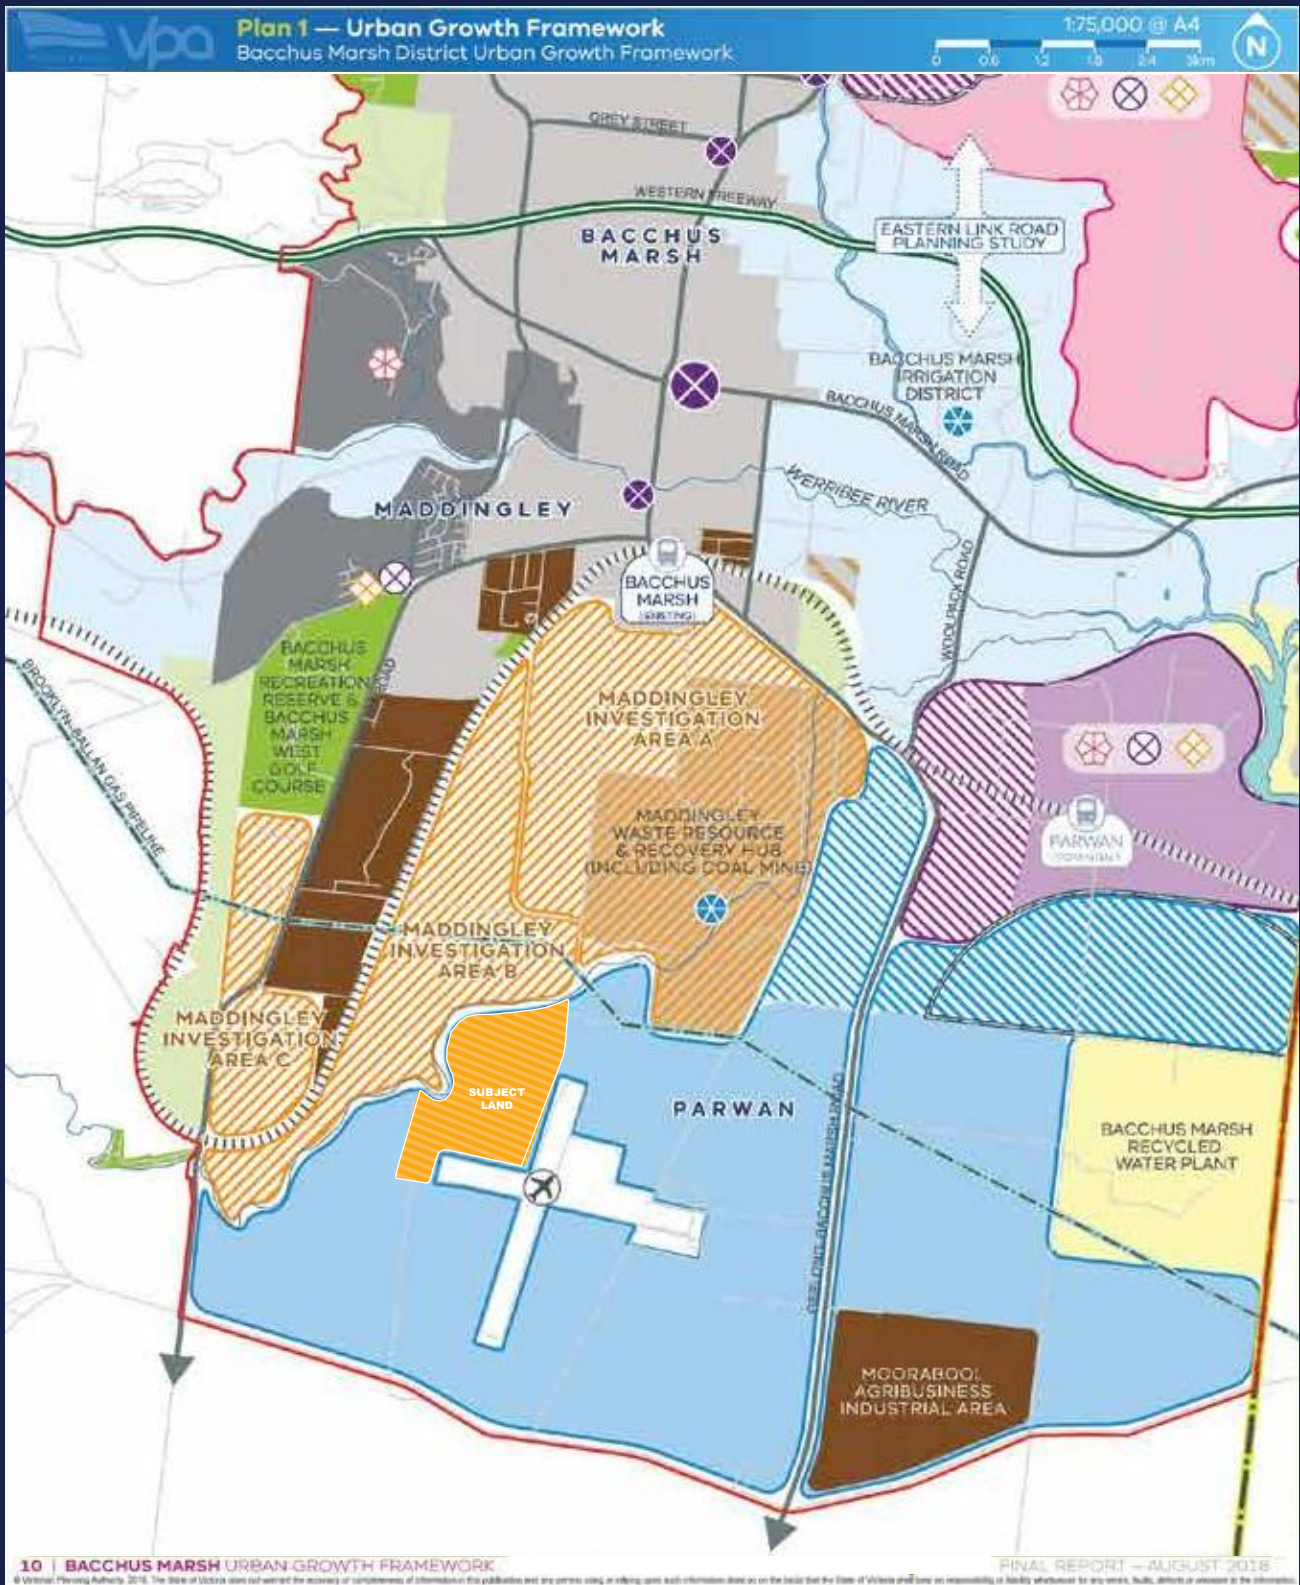

- 1. Merrimu Residential Growth Precinct.**
- 2. Parwan Employment Growth Precinct.**
- 3. Parwan Station Residential and Commercial Growth Precinct.**
- 4. Hopetoun Park North Residential Growth Precinct.**

The Parwan Employment Precinct Zone (EPZ) is designated to produce 1,500 new jobs. The EPZ will attract high levels of industrial investment for uses such as warehousing, cold storage, distribution centre, logistics, production and plants, etc.

Connectivity to the EPZ is already in place via Western Freeway, Calder Highway, Hume Freeway and Princes Freeway, high speed VLine train. Most utilities are also connected to the land. This reinforces the vision and great potential for Melbourne.

Parwan Employment is moving forward! With significant progress and key background studies completed, the VPA Business Plan 2024-25 ensures planning will officially recommence in early 2025, with a strong focus on fast-tracking delivery and streamlining the process.
